**Dear Members,**

**Greetings from ISSP Secretariat!**

At the outset, we would like to thank you for trusting our ability and electing us as Honorary Secretary of Indian Society for Study of Pain (ISSP) and Treasurer. We will strive to achieve the goals set by our seniors. With support from everyone, we can take ISSP to new heights not only within our country but also across the globe.

We all had a great scientific feast at ISSPCON 2015 at Chennai. "Team Chennai" needs to be congratulated for conducting a marvelous event under great ambience. Truly they have set a new benchmark in conducting ISSP Annual National Conference. We thank and congratulate Dr Ravi Krishna Kalathur (Organising Chairman), Dr Karthic Babu Natarajan (Organising Secretary), Dr GK Kumar (Scientific Committee Chairman) and their enterprising team.

We have initiated the ISSP secretariat work within 24 hours after taking charge of the responsibility. The agenda in our mind was that in first quarter of the first year of our term, we wanted to revamp the database of ISSP members and also ISSP website. You will be happy to know that we achieved a great amount of success in this regard. More than 30% of ISSP members database have been updated with their emails & mobile numbers. The website is on par with international standards. We are being assisted by a good number of ISSP members in all these efforts.

We have initiated a Google group amongst GC members to share views and implement decisions. In addition, we have digitized and archived important documents like AGBM & GC minutes, AGBM & GC attendance and others. We had a first round of fruitful discussions with insurance officials (IRDA) of government owned insurance companies & CGHS officials. This is in regard to the points raised in AGBM 2015 regarding insurance coverage for Pain Medicine Interventions. We will follow it up and keep you updated on how it evolves.

To serve you better we have been working on certain crucial things such as online registrations, online updates, special interest groups so on and so forth. Stay tuned to not only reap new benefits, but also to present our society to the world in an innovative way.

We had an emergency meeting of GC members over advocate notice served from one aggrieved member of ISSP with regard to elections during AGBM. The GC decided to reply to this notice and to follow the course. We have replied accordingly.

I am grateful to all the members of the Governing Council for their enthusiasm and for their readiness to carry forward the new initiatives. Their valuable inputs have been of immense help for the activities of ISSP in general and ISSP Conferences and meetings in particular.

The ISSPCON 2016 is scheduled at Indore, Madhya Pradesh. Don't miss a chance, hurry up and register today!

The IASP has declared 2014-2015 as Global Year Against Neuropathic Pain. Various chapters have undertaken events in this regard. We will come back to you with information in this regard in the next newsletter of ISSP.

As Roosevelt famously observed, "Far and away the best prize that life has to offer is the chance to work hard at work worth doing." And for us, the journey has just begun

Long Live ISSP  
With Regards & Best Wishes,

Dr Muralidhar Joshi  
Hon. Secretary ISSP

Dr Palanisamy Vijayanand  
Hon. Treasurer ISSP

P.S.: We are starting with an e-newsletter, as the ISSP accounts have not been transferred from the previous secretariat. We do not know the funds status, assets, income and budget. We will come up with the print version when the accounts become available. We have prepared this e-newsletter, so that we do not miss the deadline. For the same reason, we are also not in a position to accept new members and new state & city chapters. Please bear with us to serve you better.

## President's Message

**Dear Members,**

I extend my heartiest best wishes to all ISSP members. My sincere thanks to all of you for imposing faith in me and electing me as the President. It is needless to emphasize on the rapid progress in the specialty of pain management during the last three decades, but still there is scope for improvement in the management of acute, chronic and neuropathic pain. I am still concerned with cancer pain for which simplification of narcotic rules is a demand of the situation. I am concerned with coming to the solution of many important long pending issues like data base update, issue of ID cards to all the ISSP members, inclusion of pain management in MBBS and MD curriculum.

Another major issue ahead of us is fixation of charges for interventional pain procedures. In my short tenure, I will sincerely work hard to find a solution for these issues. A draft for the pain academy prepared by the past president will be presented for clearance in the next MTM or AGBM. The idea of pain school started in A.P. with active involvement of Dr. Muralidhar Joshi and Dr. Vijayanand should be carried forward in other states.

Meanwhile, unfortunately, one of the aggrieved parties has filed a legal notice to some of the ISSP office bearers. A proper reply to the notice has already been given.

I am thankful to the past president Dr. B. Radhakrishnan and past secretary Dr. Ashok Saxena for the timely help and guidance given to me.

I also extend my sincere thanks to our new dynamic secretary Dr. Muralidhar Joshi, Treasurer Dr. Vijayanand, Editor Dr. Gautam Das and all other executive members of ISSP who will help me in taking ISSP to new heights.

Warm regards. Long live ISSP.

Dr. Vivek Palsule  
Prof. ( Snr. Consultant)  
H.O.D . Anaesthesiology  
Choithram Hospital,  
Indore President, ISSP

## **AGBM 2015 CHENNAI**

### **Annual general body meeting held on 07.02.15 during the ISSPCON 2015 at Chennai**

Meeting called to order by the president Dr B Radhakrishnan. He made the opening remark and welcomed all the delegates to the meeting. He requested Dr. AS Kameswara Rao, Immediate Past President & Chief Election Officer to conduct the elections.

**Obituaries:** none

He then asked the secretary to read out the agenda for the meeting.

Dr Ashok kumar Saxena welcomed the delegates once again. The secretary started with the agenda and asked the Editor Dr Gautam Das to read out the editor's report.

**Editor's:** report read by Dr. Gautam Das – passed unanimously

Proposed by Dr. B Kalyani Das

Seconded by Dr. V. Palsule

Since no applications were called for the post of editor as it was earlier decided that the editor would be selected from the applicants, but some members insisted that the editor should be elected and not selected. Thus one year extension was given to the Editor. It was decided that the post of editor to be open for election.

Dr. Baheti: non-pain practitioners should not be considered for election to the executive posts of ISSP. He said that someone can be a member of G.C. but should not be considered eligible for higher post. This was strongly rejected and the president asked Dr Baheti to refrain from such remarks. He asked Dr Baheti not to divide members into different categories. Dr Bhimeswar also strongly rejected this proposal of Dr Baheti.

### **Elections:**

The minutes of the last meeting were retrieved to determine the eligibility of local organising chairperson & organising secretary for contesting in the election. As per the current constitution, and the minutes of the GBM in Feb.2012 Dr. Karthik was not found to be eligible for contest.

Dr. B B Mishra was the sole contestant for the post of President – elect

Dr. M V Bhimeswar, was the sole contestant for the post of Vice -President.

Both were declared elected unopposed – Unanimously passed.

There were three applications for the post of Joint Secretary that of Dr Babita Ghai, Dr Preeti Doshi & Dr Krishna Poddar, all nomination forms were found in order all were declared to be eligible to contest for the post.

The Chief Election Officer announced that there were two teams contesting for the post of Secretary & Treasurer out of which the team comprising of Dr Muralidhar Joshi & Dr Vijayanand was disqualified as Dr Vijayanand had not completed one term of GC. Subsequently he declared that as there was only one other team in the contest, of Dr Madhuri Lokapur & Dr Yashwant Nankar; as they fulfilled all criteria they were declared elected. Following this there was heated debate as many members of AGBM opposed the decision. Dr. Madhuri pointed out that her name has already been approved by the G.C. and declared as elected.

Dr. Vijayanand, contestant for the Treasurer's post stated that as per the Secretary's notification, the treasurer is not required to have one term in the G.C. for determining the eligibility of his candidature for contesting as a treasurer. Dr. Muralidhar Joshi pointed out that it was because of this information that he opted to have Dr. Vijayanand as his partner to contest as a team otherwise he could have some other colleague for the team. Dr. Lokapur said that all criteria are not printed and people have been disqualified many times in the past as well as this conference. She pointed out that criteria for EC posts also did not mention all criteria and candidates had been disqualified.

As per the existing constitution, it was found that the treasurer needs to have one term to contest. Dr. Bibhu Kalyani Das had asked how secretary could publish wrong criteria. Dr. Cham, Dr. Radhakrishnan and Dr. Pravesh Kanthed also clarified that the copy of constitution kept there and circulated among GB was a draft that had been drafted by the GC during MTM held at Chennai on 26th & 27th September 2014 & has to be discussed in this GBM

The matter was put to the G.B. by the Chief Election Officer. It was decided by the strength of the show of number of hands that there should be election and both the teams should be allowed to contest. Thus Dr. Madhuri Lokapur and Dr. Muralidhar along with their team partners Dr. Yashwant Nankar and Dr. Vijayanand respectively were declared as contestants for the post of secretary and treasurer. The president asked the chief election officer to proceed ahead with the election process. The Chief Election Officer went ahead with election process for the post of GC members, Joint Secretary, Secretary & Treasurer.

Dr. Madhuri Lokapur stated that the decision of the G.B.M is illegal and if it is decided in favour of election then she is very disappointed and would consider quitting from the contest. President explained that the decision has been taken by the GBM which is the supreme body, it is valid and legal. Thus Dr. Madhuri Lokapur joined the election process and casted her vote.

Dr. Gautam Das said that he is very disappointed at the way the discussions are happening and he offered to quit. He was however persuaded to withdraw his statement and he agreed to continue as editor.

**Secretary's report** was read out by Prof. Ashok Kumar Saxena.

Minutes of the last meeting were read out. The secretary asked the house for any clarification. As there was no query, the minutes were passed. Proposed by Dr. R. P. S. Gehdoo and seconded by Dr. D.K. Baheti

The increase in the ISSP Membership fees from 4000/- to 5000/- w.e.f. 1st April, 2015, This was unanimously passed.

**Criteria for membership:** Should MBBS doctors be enrolled as members (regular) or not? It was finally decided that membership may be granted to MBBS doctors if someone is pursuing pain management as his primary profession.

**Midterm meeting at Indore:** Dr. Pravesh Kanthed suggested that it should be a one day meeting instead of two days of the MTM. It was decided to discuss it further to decide a mutually acceptable date and duration of the meeting. The dates of MTM were tentatively proposed by Dr. Pravesh Kanthed as 8/9 or 15/16 of August, whichever suits all.

**Hans Raj Oration:** It was unanimously decided not to have Hans Raj oration as the company is not paying any money whatsoever.

### **Committee for scientific programme of the next annual conference :**

It was unanimously decided to appoint the immediate Past president to head the committee to finalize the scientific programme. Scientific Program Committee to include Dr. Ashok kumar Saxena & Dr. P.N. Jain along with the immediate past president. The president suggested that it be named as the advisory Board.

The secretary informed that in the last one year 296 new members of ISSP were enrolled.

**ISSP Branch Activities:** 2 new city branches, Aligarh city branch and Jaipur city branch were also approved unanimously. The Pune City Branch was already approved earlier.

The activities of Andhra Pradesh, Karanataka, Gujarat, M.P. state chapters, and Chandigarh, Indore, Mumbai, & Lucknow city branches, including the "IASP funded Pain education for Nurses activity " at Aligarh, conducted by Prof Ashok kumar Saxena & Dr Hammad Usmani, and similar one by Dr Babita Ghai & Prof Y K Batra, at Chandigarh, were duly appreciated.

**Proposal for ISSPCON 2017:** There was only one proposal from Jaipur. Unanimously accepted ISSPCON 2018-Delhi and Ahmedabad were the other proposals.

Dr. Harshe wanted discussion on fixing of the rates for different interventional pain procedures so that there is a uniform code all over India. He asked that the matter needs to be taken up urgently.

Treasurer's report was read out by the Dr. Baljit Singh for the year 2013-14 and 2014-15. After some queries by the members, the two reports were passed unanimously.

### **New candidates for the IASP and ISSP Pain fellowships were announced :**

Dr. Deepa

Dr. Pauer

Dr. Vaishali

Dr. Babu

The president asked the chief election officer to announce the results of the election.

Dr Kamewara Rao informed that 129 members attended the GBM. Dr Murlidhar and Dr Vijayanand were declared as the winner for the post of secretary and the treasurer. The names of the GC members were as follow:

Dr Babita Ghai, and Dr Pankaj Surange, Dr Atul Sharma, Dr Pravesh Kanthed, were declared elected as Joint Secretary, and GC Members respectively.

The issue of the Academy of Pain could not be discussed due to paucity of time.

The Constitutional amendments also could not be discussed for want of time:

Due to the paucity of time, the discussion on constitutional amendments was not done. It was deferred to a later date to be notified

Meeting ended with a vote of thanks, by Dr. Baljit Singh on behalf of the president and secretary

The newly elected G.C. members were called on stage for Photographs.

# ISSPCON 2015

## ISSPCON - 2015 Chennai Report

The 30th Annual National Conference of the Indian Society for the Study of Pain **ISSPCON-2015** was held in Chennai, between February 5 to 8, 2015. The theme of the conference was **“Conquer Pain with knowledge, skills and attitude”**. The Tamil Nadu chapter of ISSP organized the national conference. About 500 clinicians of various disciplines interested in pain medicine, from India and abroad attended the conference.

The preconference workshops included ultrasound and fluoroscopic guided regional anesthesia and pain workshops, endoscopic spine workshops and implant workshops. About 150 delegates participated in the pre conference pain interventions workshops held in Sri Balaji Medical College, Chennai. Endoscopic spine procedures workshops and Implants (Stimulators and pumps) workshops, which have been introduced for the first time, were well attended.

The conference was held in Hotel Hyatt Regency in the heart of Chennai. ‘Padma Bhushan’ Dr V Shanta along with other senior members of ISSP and ISA inaugurated the conference. Prof Y K Batra received the “ISSP Lifetime Achievement Award” for yeomen service to the pain society during the inauguration. All the past presidents and secretaries were felicitated during the inaugural ceremony.

The scientific proceedings in the form of Didactic lectures, How-I-Do-It sessions, Video demonstrations, Panel discussions, Pro-Con debates were well received. Emphasis during the conference was given to latest evidence based research updates and guidelines. Prominent national and international speakers like Dr Srinivas Chiravuri, Dr Gundamraj (University of Michigan), Dr Einar Ottestad, Dr Ravi Prasad (Stanford), Dr Lakshmi Koyyalagunta (MD Andersen Cancer), Dr Joysree Subramaniam, Dr Peter Courtney (Melbourne) interacted with delegates and shared their experience in pain medicine.

The plenary session lecture included the Hansraj Nayyar Oration delivered by Prof P N Jain on “Acute Pain Services in India” was enlightening. The honorable president of ISSP, Prof B Radhakrishnan talked to the audience on “Pain in the geriatric population”.

Enthusiasm among young pain physicians and interest in research was evident during the poster presentations. About 40 posters on nociceptive and neuropathic pain were presented and the best 3 posters in each category received ISSP certificates and cash prizes. A parallel session on “Pain and palliative care” was organized for nurses separately. Members from various pharmaceutical and equipment companies participated and supported the conference. All participants received certificates with CME credit hours.

All conference scientific proceedings were recorded (after due consent of speakers) and will be distributed to interested ISSP members. This is done for the benefit of young pain physicians and students. Photographs from the conference can be seen at [www.isspcon2015.com](http://www.isspcon2015.com). Overall feedback about the national conference has been positive. On behalf of the Tamilnadu chapter of ISSP, I would like to thank all the members who contributed positively for the conference.

Dr Karthic Babu Natarajan,  
Organizing Secretary, ISSPCON-2015, Chennai

# ISSP STATE CHAPTER ACTIVITIES

## ANDHRA PRADESH STATE CHAPTER

*You can't succeed coming to the potluck with only a fork ~ Dave Liniger*

To step down after a triennium in office and handing things over to good people, is perhaps the right time to reflect upon the years with equal parts satisfaction and optimism. This particular home stretch has proved that the end product is the outcome of our team's early work: that there can be no meaningful end without a meaningful beginning. Thoroughly enjoyable, the year 2014 ended in the same note as it began, with a bang! Our members were the scientific coordinators for the pain section of the prestigious Kop's Award at the ISA National Conference at Madurai in December. It was quickly followed by a visit from the Chair of Education Committee of the World Federation of Society of Anaesthesiologists, where the final touches to the WFSA Pain Fellowship were done. It starts this June in Hyderabad. The occasion was, in addition, an opportunity to felicitate the good and great of our land. Furthermore, one of our members had agreed to be part of the editorial board for the pain section of the WFSA's 'Anaesthesia Tutorial of The Week.'

Using our best talents together more often for the greater good, we have accomplished things we couldn't have done on our own. Our members, assisted by ISSP colleagues from Mumbai and Coimbatore, coordinated the train-the-trainers workshop for Essential Pain Management (EPM) – Lite (a workshop for undergraduate students) at Kozhikode. There were thirty new trainers, who have now gone on to teach a hundred more students. The recent undergraduate medical conference at Kolar, DEMEDCON, saw the registrations for EPM – all one hundred and twenty of them – fill up months in advance. The ISSP colleagues from Bangalore ably assisted us in this workshop. With trusted colleagues from across the country, the EPM movement has certainly helped connect the sweet spots of shared interest. It was a honor to be invited to present this successful model of pain education to an international audience at the Indian Association of Palliative Care National Conference. Our members, moreover, chipped in with chairing a session or two at the same conference. Our own national conference at Chennai had our members assisting with the workshops, talks and panel discussions. Between all this, our members had the opportunity to travel to exotic places such as Goa and Jabalpur to assist with the cadaver workshops organized by esteemed members of ISSP.

Our team has stepped down, but not before initiating the process of creating the Andhra Pradesh and Telangana branches of ISSP for expediency. *Ceteris Paribus*, our new role in the National Society, we promise, with the support of all of you, to be equally diligent. We look back, with respect, the giants on whose shoulders we stood. They know who they are. To name them would be an insult to the splendid memories. We are. Forever. Grateful.

*- P. Vijayanand & D. Sudheer*

**Essential Pain Management Instructor Workshop (EPM Lite) at Calicut, Kerala**

**EPM Lite Workshop at Undergraduate National Conference (DEMEDCON) at Kolar, Karnataka**

## **KARNATAKA STATE CHAPTER**

### **December 2014**

Scientific meeting was organised in association with Kidwai Memorial Institute of Oncology on 20th December 2014.

Difficult Neuropathic Pain Syndrome was discussed by the speakers Dr Prabha Seshachar, Dr Abhishek. N and Dr Mala. S. N. Two case scenarios were presented as a part of the scientific program.

Dr. P. Saraswathi Devi, Professor and HOD, Anaesthesia and Pain management, KIDWAI moderated the proceedings. She was later felicitated by the Karnataka state chapter of ISSP for the contribution to the field of pain and palliative care in the state of Karnataka.

### **March 2015**

The March scientific meeting of the Karnataka chapter of ISSP was held on 28/03/2015. In association with HCG hospitals

The theme/topic for the evening was Myofascial Pain and its significance in Chronic pain Clinics.

Dr Raghavendra and his team presented the following talks. This was followed by active discussion amongst the audience.

The talks were:

1. Introduction to Myofascial pain
2. Case presentation and discussion of two myofascial pain syndrome cases

## **ISSP CITY CHAPTER ACTIVITIES**

### **CHANDIGARH CITY BRANCH ACTIVITIES**

The Chandigarh city branch conducted Second education activity of Project Title: "PAIN EDUCATION IN THEGRADUATE NURSING SCHOOL AT A TERTIARY CARE CENTRE IN INDIA"

UNDER "IASP Developing Countries Project: Initiative for Improving Pain Education"

#### **Primary Organizer:**

- Dr. Babita Ghai (Additional professor in Department of Anaesthesia, PGIMER, Chandigarh)

## Co-organizers:

1. Prof. YKBatra (Professor and HOD Anesthesia, PGIMER, Chandigarh)
2. Dr. Sandhya Ghai (Principal, NINE, PGIMER, Chandigarh)
3. Dr. Dipika Bansal (Assistant Professor, Department of Clinical

Pharmacology and Clinical Research Unit, National Institute of Pharmaceutical Education and Research, Mohali)

## REPORT OF SECOND EDUCATIONAL ACTIVITY:

The second educational activity of this project 'Pain education in the graduate nursing school at a tertiary care centre in India' was organized on 12th January 2015 for the nursing interns (current 4th Year) of National Institute of Nursing Education (NINE), PGIMER, Chandigarh. It was a one daylong workshop dealing with basics of pain and different techniques and modalities of pain management, which was attended by 80 nursing graduates of NINE, PGIMER. This time the program started around 8.00am and finished at around 5.00pm. There were 15 resource faculties and 8 anesthesia residents and research staff helping the organization of this activity. Just like first activity, this activity was also highly appreciated by delegates for its scientific deliberations and interactive sessions. The pre lunch session consisted of 12 interactive lectures while post lunch session was more of hands on session with video presentations of real pain scenarios and patients with case vignettes and pain management equipment's workstations including PCA pumps, TENS, elastomeric pumps, spinal and epidural sets, pain scales, drugs etc.

Nurses' interns urged to include this structured program in their curriculum. During this program we distributed pretest and posttest "Knowledge and Attitudes Survey Regarding Pain" (KASRP) to these nursing students. The results of pre and post test KASRP were 47.1% (17.9/38) and 63.6% (24.2/38) respectively (significantly improved)

## INDORE CITY BRANCH ACTIVITIES

Clinical meeting of ISSP Indore city branch was held at Hotel Radisson, Indore on 28th April 2015. 2 lectures were taken. Use of Ketamine in chronic pain by Dr. Vivek Palsule & How to set up Acute Pain Services by Dr. Mayank Kulshreshtra. Meeting was attended by 27 members. Dr. Anil Sharma, President of Spine & Pain Centres of New Jersey & New York was the chief guest. Spine & Pain Centres of New Jersey & New York are also the official International Scientific partners of ISSPCON 2016. Discussion regarding conduct of ISSPCON 2016 was undertaken & members came up with some very good ideas. The city branch is all geared up to make ISSPCON 2016 a memorable one for one & all. Website for ISSPCON is now live & registration can be done through [www.isspcon2016.com](http://www.isspcon2016.com). On behalf of Organizing team, I invite all esteemed members to come & join us for ISSPCON 2016.

Regards

Pravesh Kanthed  
Organizing Secretary  
ISSPCON 2016, Indore

## JABALPUR CITY BRANCH ACTIVITIES

The Jabalpur City branch of ISSP held a meeting on 2nd of May. In the meeting elections were held. The Jabalpur city branch new President is Dr S C Diwan, & Secretary is Dr Sandeep Shrivastava. Two Scientific Coordinators have been appointed & they are Dr Shailendra Chouhan and Dr Sunny Bhasin. Dr Vivek Palsule ISSP National President had sent his Greetings for the meeting and also requested members to attend ISSPCON 2016 at Indore.
